MOHAMMED FALAH ALAJMI

Security Operations & Control Room Leader | High-Risk Environments | Crisis Management | Compliance & Risk

Jeddah, Saudi Arabia | +966 56 444 4898 | ajmi.198599@gmail.com | linkedin.com/in/mohammed-alajmi-678928186

PROFESSIONAL PROFILE

Security Operations Leader with over **14 years of experience** managing control room operations, CCTV surveillance, incident response, access control, and high-risk operational environments across healthcare, research, construction, hospitality, and corporate sectors in Saudi Arabia. Proven record in leading security teams, maintaining compliance, producing bilingual reports, and ensuring operational continuity under pressure. Experienced in sensitive environments such as **KAUST** and healthcare facilities where confidentiality, discipline, and accurate judgment are critical.

Recently enhanced professional capability through certifications in **Google Project Management**, **Generative AI Strategy**, **Leadership**, **Security Governance, Risk & Compliance**, and **Oil & Gas Operations** - enabling a modern, structured, and data-driven approach to security operations.

EXECUTIVE VALUE PROPOSITION

Operational Leadership Front-line security experience combined with supervisory leadership and operational coordination.	**Control Room Strength** Strong fit for control room roles requiring calm decision-making, escalation control, and incident documentation.
Bilingual Reporting Arabic/English documentation capability across regulated, sensitive, and high-traffic environments.	**Modern Operations** Project management and AI-assisted thinking to improve reporting quality, efficiency, and awareness.

CORE COMPETENCIES

- Control Room & CCTV Operations
- Security Operations Leadership
- Incident Response & Escalation
- Risk, Governance & Compliance
- Access Control & Visitor Management
- Emergency Response Coordination
- Team Leadership & Shift Supervision
- Operational Reporting - Arabic / English
- AI-Assisted Decision Making

- Stakeholder Coordination
- Process Improvement

PROFESSIONAL EXPERIENCE

Translator / Operational Support
Rowad Al-Mashariq Contracting Co. - Saudi Arabia | July 2025 - Present

- Translate operational, safety, contractual, and procedural documents between Arabic and English.
- Support reporting accuracy, document control, and coordination across operational functions.
- Ensure translated materials comply with safety, contractual, and confidentiality standards.

Security Supervisor / Acting Security Manager
Farabi Distinguished Healthcare Co. Ltd. - Jeddah | January 2020 - February 2024

- Led daily hospital security and control room operations within a high-risk healthcare environment.
- Supervised CCTV monitoring, access control points, visitor management, and emergency response activities.
- Improved incident response flow through clearer escalation procedures and stronger team coordination.
- Directed incident response activities and prepared detailed bilingual security and incident reports.
- Coordinated with hospital administration, medical teams, facility management, and safety functions.
- Handled acting security manager responsibilities to maintain full operational continuity during leadership transitions.

Security Supervisor
Al Bawani / Zaha Advanced Co. Ltd. - Jeddah | February 2019 - August 2019

- Supervised site security operations within a large construction and project-based environment.
- Managed contractor access, permits, and site entry procedures.
- Coordinated with project management and HSE teams to support compliance and safety objectives.
- Monitored security conditions, inspections, and incident reporting.

Senior Security Officer / CCTV Operator / Translator
King Abdullah University of Science and Technology (KAUST) - Thuwal | August 2011 - January 2018

- Performed senior security duties in a high-security academic and research environment.
- Operated CCTV systems and supported control room and incident response operations.
- Monitored access points, sensitive facilities, restricted areas, and high-traffic zones.
- Reviewed CCTV footage for investigations, incident analysis, and compliance purposes.
- Translated official security, HR, and legal documents between Arabic and English.
- Maintained strict confidentiality while working around restricted research facilities and sensitive operational information.
